

**Lecture schedule prof. Davida Scaradozzi z UniversitaPolitecnicadelle Marche, Ancona, Italy:
 “Digital Innovation: Modelling and Identification strategies that university courses can profit from”.**

hours	Thursday - 02.06.2022	Friday - 03.06.2022	Monday - 06.06.2022	Tuesday - 07.06.2022	Wednesday - 08.06.2022
08.00 - 10.00	Faculty of Civil Engineering and Architecture: - Architecture	Faculty of Electrical Engineering, Automatic Control and Computer Science: - Studies in english, - Computer science	Faculty of Management and Computer Modelling: - Logistics, - Data Engineering	Faculty of Civil Engineering and Architecture: - Civil Engineering	Faculty of Mechatronics and Mechanical EngineeringAutomation and Robotics: - Automation and robotics, - Mechanical engineering
10.00 - 12.00	Faculty of Electrical Engineering, Automatic Control and Computer Science: - Electrical engineering, - Computer science		Faculty of Environmental, Geomatic and Energy Engineering: - Surveying and Cartography	Faculty of Electrical Engineering, Automatic Control and Computer Science: Electrical engineering, - Computer science	Faculty of Management and Computer Modelling: - Logistics, - Data Engineering, - Economics
12.00 - 14.00	Faculty of Mechatronics and Mechanical EngineeringAutomation and Robotics: - Automation and robotics, - Automotive engineering and transport management	Faculty of Environmental, Geomatic and Energy Engineering: - Environmental Engineering	Faculty of Mechatronics and Mechanical EngineeringAutomation and Robotics: - Automotive engineering and transport management, - Mechanical engineering		Faculty of Civil Engineering and Architecture: - Architecture, - Civil Engineering
14.00 - 16.00				Faculty of Management and Computer Modelling: - Management and production engineering, - Economics	Faculty of Environmental, Geomatic and Energy Engineering: - Renewable energy sources
